Laser Defense MFG C4 LED 325 Lumen Flashlight/Strobe Light/10mW Green (or Red) Laser

10mw Green Laser Sight Rail Mounted Tactical Light/Green Laser. Military grade O-ring sealed , hard coate aluminum bodied gun mount lights, which set a whole new standard for durability. The TLG-2 lights/lasers are powerful, intensely bright and long-running. The TLG-2 style LED / Green Laser Glock Tactical Lights are shockproof, dustproof, and virtually indestructible. The 9-watt Luxeon LED of TLG-2 style Weapon Mounted Tactical Light /Green Laser Combo will not break or burn out. Light is built with a Luxeon Super Hi Flux Cree C-4 LED providing at least 2.5 hours of continuous run time when in dual mode with the high power visible laser. Two 3-volt CR123A lithium batteries with 10-year storage life powered Gun-Mounted Tactical Light with integrated aiming laser TLG-2.

The rail grip clamp system securely attaches/detaches quickly & easily with no tools and without putting your hands in front of the muzzle. Light fits most handguns with rails as well as long guns with 1913 (Picatinny-style) rails. TLG Tactical Rail Flashlights - Laser will give you every advantage in any low-light situation. Shockproof super high-flux LED with blinding beam with bright side-light that will not break or burn out. Up to 2.5 hrs runtime (laser-only mode runs 45 + hrs.)

Fast, Adjustable, Secure Side mounting to 1913 and Glock style Rails Machined aluminum sealed construction with black anodized finish Dustproof Ambidextrous momentary/steady on/off switch Highly accurate sight repeatability when remounting Fits existing light bearing holsters 4.72 oz. MIL-SPEC 810F Performance Tested.

Case Material:

6000 series machined aircraft aluminum with black anodized military hard coated finish. High impact chemically resistant engineering polymer laser housing

Dimensions (LxWxH):

3.26in. (8.28cm.) x 1.47in. (3.73cm.) x 1.83in. (4.64cm.)

Weight (w/batteries):

4.72oz. (133.8g.)

Lens:

High temperature, shock mounted, impact resistant, Boro Float Glass lens

Light Source:

Cree C4 325 Lumen LED with strobe function technology, impervious to shock with a 50,000 hour lifetime

Light Output:

Up to 9,000 candela peak beam intensity

and up to 325 lumens measured system output.

Laser Output:

10mW. 532nm. visible green laser class IIIB laser

**Run Time:**

2.5 hours continuous run, laser/LED simultaneously, solid-state current regulation for consistent illumination level, 45+ hour laser-only mode

**Battery:**

Two (2) 3-volt CR123A lithium batteries, with a storage life of 10 years

Warranty:

One year warranty

Optional Accessories:

Mounting adapters, filters, keys for S&W 99 and TSW
